

Jamestown Community Learning Council

Strengthening the Capacity of our Families

Parents as Teachers Home Visitor -School Based Pine Valley School District

Do you love working with children and families? Would you enjoy working at a school? How about weekends, evenings, school holidays and summers off? Do you want an administrative team that cares about its staff? Do you want to participate in community events? If you have answered yes to any of these questions you should apply to JCLC!

Jamestown Community Learning Council's (JCLC) mission is to strengthen the capacity of families to nurture, support, and provide for their child's academic development, emotional growth and physical well-being by establishing effective relationships between home and school.

JCLC has been providing home visiting services that support families across Chautauqua County for over 30 years using the Parents as Teachers (PAT) home visiting model. The PAT curriculum is based on neuroscience, with the understanding that a child is "born to learn" and that a parent is a child's first and best teacher. Using the Parents as Teachers curriculum, a Home Visitor supports families by focusing on parent-child interactions, development centered parenting and family well-being. In a culturally sensitive way, the Home Visitor partners, facilitates, and reflects with families to help them reach their goals and understand they are their child's first and best teacher.

This \$15.75 an hour, part-time 25-hour position, follows the school calendar. We offer paid training in the PAT curriculum and home visiting model, 12 days PTO, paid holidays, Simple IRA match up to 3%, and a supportive, fun, and rewarding work environment!

For more information on our agency, check out our website www.jclcprograms.org and to learn more about Parents as Teachers, go to www.parentsasteachers.org
