

Chautauqua Leadership Network is a not-for-profit organization designed to identify, recruit, train, and network area professionals. Believing the improvement of Chautauqua County is directly linked to the quality of its leadership, CLN has helped over 650 professionals in the last 30 years develop effective leadership skills.

Membership begins with a year-long, competency based leadership training that also orients new members to the assets, resources, and opportunities of Chautauqua County and the region. Upon graduation, members continue on to leadership roles in business, community organizations, education, and government.

Leadership training and the network that supports these leaders is made possible through the support of community businesses and institutions like yours.

Please consider a sponsorship to ensure the continued development of the talent within your organization and provide networking opportunities to the people who will be central to the ongoing vitality of Chautauqua County and the region.
